## Kettle Moraine School District Announces New Associate Principal of KMHS

Wales, Wis. - The Kettle Moraine School District is pleased to welcome Ryan Tomczyk as a new associate principal at Kettle Moraine High School (KMHS).

Tomczyk was previously an assistant principal at West Bend East and West High Schools. He is replacing former KMHS Associate Principal Michael Vuolo, who recently accepted a head principal position in Franklin.

Kettle Moraine High School Campus Principal Jeffrey Walters said that Tomczyk was selected for his strong commitment to personalized learning and

experience in building community partnerships.

“Mr. Tomczyk’s student focus, can-do attitude and collaborative leadership approach make him a natural fit for Kettle Moraine,” Walters said.

In addition to his administrative experience, Tomczyk was an educator and coach for over ten years.

Tomczyk holds Master’s degrees in education from Marian University in the areas of curriculum and instruction, educational leadership and technology education. He received his Bachelor’s degree in physical education from Carroll University.
