

# Morning drop off guidelines...

Here are some guidelines to help with morning drop off. If everyone follows the guidelines, student drop off will move quickly, efficiently, and most importantly, safely!

## Car Drop Off Line Guidelines:

- Follow the drop off route, around to the back of the school by the cafeteria doors. Check out the [map](#). The line will be open beginning at 8:20 a.m.
- Please note that the car drop off in the morning goes behind the building. Your child will be met by an adult on supervision duty.
- Please have your child sitting on the driver side of the car and be ready to make a quick exit.
- Please be courteous and patient. Try not to drive around the car in front of you that is finishing unloading. Please wait until they are done and moving forward before you move forward.
- You still have the option to park in the front parking lot in a marked stall and walk with your child(ren). This is a great option if your child(ren) needs help carrying in projects or other materials. It is illegal at all times to stop and cover a handicapped stall.
- Do not drop off your child(ren) in front of the school. This creates a dangerous situation mixing vehicles, children, and buses. If it is past 8:30 please park in front and walk your child in. The last bell rings at 8:30.

Please pass this information on to other adults who may be dropping off your child(ren). Thank you for your cooperation.
