New Wall Mural

7<sup>th</sup> Grade Small Group Space

6<sup>th</sup> Grade Large Group Space

New 8<sup>th</sup> Grade Lab Classroom Resilient Flooring

Bathroom Remodel

 **Did you know?** Due to its material makeup, carpet is a rather industrious material and takes many years to naturally degrade away. However, this quality enables carpet recycling to take place. The primary compound in carpet fiber, hydrocarbon, can be recycled and turned into the plastic parts found in our cars.
