Junior Timeline and Checklist

Junior year is a pivotal year in that you’ll make critical decisions that could have an impact on future academic and career choices. To make sure you are preparing for college successfully, use the following checklist to help prevent you from missing something.

Fall (September-November)

___ Continue your career search using Naviance on the KM Counselling website.
___ Dive right into your college search. Take a deeper look by region, cost, size, or academic specialty. Utilize Naviance (College SuperMatch) on the KM website to assist you.
___ Make a college list of those colleges that meet your specific criteria. Record your list in your Naviance account, under “My Colleges”, “Colleges I’m thinking About”.
___ Visit campuses, college fairs, and speak with college representatives during your visits or their visits at the high school.
___ Begin to narrow your focus to 5 to 10 schools that interest you.
___ Keep your stress level low by creating an organization system for all your college documents.

Transcript Requests

One of the required documents you will need when applying to college is an official high school transcript. KM uses Parchment, which allows transcripts to be sent online securely to the colleges, universities, or scholarship organizations that you select. You may track your request online, and you will also receive an email notification when we approve your transcript request, and again when your transcript is mailed (or delivered electronically, based on the delivery preference of the destination that you selected).

Please click on the Parchment image below to order your official KM Transcript.

Click here for Step by Step instructions to create your Parchment account and to place your transcript order.
